DETAILED ACTION

Response to Amendment

1. Receipt is acknowledged of the Amendment, Remarks and the Terminal Disclaimer filed June 17, 2004. Claims 14 and 18 are amended to correct a minor informality issue.

Allowable Subject Matter

2. Claims 1-21 are allowed.

The following is an examiner's statement of reasons for allowance: none of the prior arts of record discloses, teaches, or fairly suggests the claimed terminal device for operating with a smart card including a storage device storing an application program and an interpreter for interpreting scripts. The claimed terminal device further comprises, among other things, an operating system executing a loading procedure of a command to exchange game scripts and scripts to be exchanged with a script stored in the smart card through an input/output interface. Accordingly, one of ordinary skill in the art would not have been motivated to modify teachings of prior art to meet the claimed limitations as set forth in the present claimed invention. Furthermore, the Terminal Disclaimer filed on June 17, 2004 has overcome the previously stated obviousness-type double patenting rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
